

# She Thinks I Still Care

George Jones

[Verse 1]

**C** **F** **C**  
Just because I ask a friend about her,  
**C** **G7** **C**  
Just because I spoke her name somewhere,  
**C** **C7** **F**  
Just because I rang her number by mistake today,  
**C** **G7** **C**  
She thinks I still care

**C** **F** **C**  
Just because I haunt the same old places  
**C** **G7** **C**  
Where the memory of her lingers everywhere,  
**C** **C7sus** **C7** **F**  
Just because I'm not the happy guy I used to be,  
**C** **G7** **C**  
She thinks I still care

[Bridge]

**C** **F** **C**  
But if she's happy thinkin' I still need her,  
**C** **G**  
Then let that silly notion bring her cheer  
**F** **C**  
How could she ever be so foolish,

**C D7** **G7**

Oh where would she get such an idea?

[Verse 2]

**C** **F** **C**

Just because I ask a friend about her,

**C** **G7** **C**

Just because I spoke her name somewhere,

**C** **C7** **F**

Just because I saw her then went all to pieces,

**C** **G7** **C** **F**

She thinks I still care

**C** **G7** **F** **C**

She thinks I still care
