[Verse 1]

**C F      C              F**  
It's another lonely evening  
**C F    F              Bb/F**  
In another lonely town  
**F Bb/F    G                      C/G**  
But I ain't too young to worry  
**Bb/F              F**  
And I ain't too old to cry  
**C              F**  
When a woman gets me down  
**C F    C              F**  
Got another empty bottle  
**C F    F              Bb/F**  
And another empty bed  
**F Bb/F    G              C/G**  
Ain't too young to admit it  
**Bb/F              F**  
And I'm not too old to lie  
**C              F**  
I'm just another empty head  
**C F              F**  
That's why I'm lonely

[Pre-Chorus]

**F#**  
I'm so lonely  
**G**  
But I know what I'm going to do  
**F    C**  
I'm going to ride on

[Chorus]

**C G F C**

Ride on

**Bb F**

Standing on the edge of the road

Thumb in the air

**C G**

One of these days I'm gonna

'Till then I'll just keep riding on

**C F C F C F C F**

[Verse 2]

**C F**

Broke another promise

**C F F Bb/F**

And I broke another heart

**F Bb/F G C/G**

But I ain't too young to realize

**Bb/F F**

That I ain't too old to try

**C F**

Try to get back to the start

**C F C F**

And it's another red-light nightmare

**C F F Bb/F**

Another red-light street

**F Bb/F G C/G**

And I ain't too old to hurry

**Bb/F F**

'Cause I ain't too old to die

**C F**  
But I sure am hard to beat  
**C F F**  
But I'm lonely

[Pre-Chorus]

**F#**  
Lord I'm lonely  
**G F C**  
What am I gonna do?
