

# Tight Fittin' Jeans

Conway Twitty

[Verse 1]

**A** **D** **A**  
She tried to hide it by the faded denim clothes she wore

**Bm** **E**  
But I knew she'd never been inside a bar before

**A** **D** **A**  
And I felt like a peasant who just had met a queen

**E** **A**  
And she knew I saw right through her tight fittin' jeans

**A** **D** **A**  
I asked her what's a woman like you doin' here

**Bm** **E**  
I see you're used to champagne but I'll buy you a beer

**A** **D** **A**  
She said you got me figured out, but I'm not what I seem

**E** **A**  
And for a dance I'll tell you 'bout these tight fittin' jeans

[Chorus]

**E** **A**  
She said I married money, I'm used to wearin' pearls

**D** **A** **B7** **E**  
But I've always dreamed of bein' just a good ole boy's girl

**A** **D** **A**  
So tonight I left those crystal candle lights to live a dream

**E** **A**  
And partner there's a tiger in these tight fittin' jeans

[Break]

[Verse 2]

**Bb** **Eb** **Bb**  
We danced every dance and lord the beer that we went through

**C7** **F**  
I'm satisfied I did my best to make her dream come true

**Bb** **Eb** **Bb**  
As she played out her fantasy before my eyes it seemed

**F** **Bb**  
A cowgirl came alive inside those tight fittin' jeans

**Bb** **Eb** **Bb**  
In my mind she's still a lady, that's all I'm gonna say

**C7** **F**  
I knew that I'd been broken by the time we parted ways

**Bb** **Eb** **Bb**  
And I know I held more woman than most guys had ever seen

**F** **Bb**  
That night I knew a lady wearin' tight fittin' jeans

[Chorus]

**F** **Bb**  
Well, now she's back in her world and I'm still stuck in mine

**C7** **F**  
But I know I'll always remember the time

**Bb** **Eb**  
A cowboy once had a millionaire's dream

**Bb** **F** **Bb**  
Lord, I loved that lady wearin' tight fittin' jeans
