

Love You Anyway
Luke Combs

[Intro]

E A

[Verse 1]

E B E A/C# E
If your kiss turned me to stone
C#m7 Bsus4 Asus2
I'd be a statue standing tall in ancient Rome
E A/C# E
And if your touch shattered me like glass
C#m7 Bsus4 Asus2
I'd be in pieces trying to make the breaking last

[Pre-Chorus]

C#m7 B/D# E Asus2
If it took one look to turn my days to night
C#m7 B/D# E Asus2
At least I'd have the stars that sparkle in your eyes

[Chorus]

Asus2 E
There's just some things that leave a man no choice
Asus2 E Bsus4
Like a compass needle needing its true North
C#m7 B/D# E
Even if I knew the day we met you'd be the reason this heart breaks
C#m7 Bsus4
Oh, I'd love you anyway
E A E A/C# E
I know just tryin' to write a song

[Verse 2]

C#m7 Bsus4 Asus2
I run the risk that I could get your perfect wrong

E **A/C#** **E**
And well, I guess what I'm tryin' to say
 C#m7 **Bsus4** **Asus2**
Is there ain't words been made could shoulder so much weight

[Pre-Chorus]

C#m7 **B/D#** **E** **Asus2**
And if you turned your back on me and walked away
 C#m7 **B/D#** **E** **Asus2**
Not a thing about the way I feel would change

[Chorus]

Asus2 **E**
There's just some things that leave a man no choice
 Asus2 **E Bsus4**
Like a compass needle needing its true North
 C#m7 **B/D#** **E**
Even if I knew the day we met you'd be the reason this heart breaks
C#m7 **Bsus4** **E**
Oh, I'd love you anyway
Asus2 E Bsus4 **Asus2** **E**
 There's just some things that leave a man no choice
 Asus2 **E Bsus4**
Like a compass needle needing its true North
 C#m7 **B/D#** **E**
Even if I knew the day we met you'd be the reason this heart breaks
C#m7 **Bsus4**
Oh, I'd love you anyway

[Outro]

Asus2 **C#m7** **B/D#** **E** **Asus2**
Even if I knew the day we met you'd be the reason this heart breaks
 C#m7 **Bsus4**
Oh, I'd love you anyway
