

Intro Riff on G > BB1

[G] I wanna know where my confidence went, [C2] one day it all disa[G]ppeared
And I'm [G] lying in a [D/F#] hotel [Em] room miles away
[C] Voices next door in my [D] ear

Well, [G] daytimes a drag, nighttime's worse, [C2] hope that I can get home [G] soon
But the [G] half-finished [D/F#] bottle of [Em] inspiration
[C] Lie like ghosts in my [D] room

Well, [C] I wanna go I [D] know I can't stay, but [C] I don't wanna run [D] feelin' this way [D] BB2

'Til [Am] I [Bm] I [C] am my[D]self, 'Til [Am] I [Bm] I [C] am my[D]self,
'Til [Am] I [Bm] I [C] BB3 am my[D]self a[G]gain. [G]

There's a [G] seat on the corner I keep every night, [C2] wait 'til the evening be[G]gins
I [G] feel like a [D/F#] stranger from an[Em] other world
But at [C] least I'm livin' a[D]gain

There are [G] nights full of anger, words that are thrown,
[C2] Tempers that are shattered and [G] thin
But the [G] moments of [D/F#] magic are [Em] just too short
They're [C] over before they be[D]gin

Well, [C] I know it's time, [D] one big step, [C] I can't go I'm not [D] ready yet [D] BB4

'Til [Am] I [Bm] I [C] am my[D]self, 'Til [Am] I [Bm] I [C] am my[D]self,
'Til [Am] I [Bm] I [C] BB5 am my[D]self a[G]gain. [G]

I had to [C] wait 'til the feeling re[D]turned

BB7 Well I [G] don't need a doctor to figure it out, [C2] I know what's passing me [G] by
When I [G] look in the [D/F#] mirror [Em] sometimes I see
[C] traces of some other [D] guy

Well, I [C] wanna go I [D] know I can't stay, But [C] I don't wanna run feel[D]in' this way [D] BB8
