

## Head Over Heels – Blue Rodeo

[G][Gsus4] x4

[G] Sun breaks, I can't wait til I'll be [Am] on my way again  
I'm [D] sick and tired of waiting with nothin' to [G] do.

[G] Watching the rain through a crack in the window,  
It's the [Am] little things that get you through  
Like the [D] same sun risin' on me as rising over [G] you.

Oh, [Em] walking and [C] talking like [G] birds in the [D] sky  
[Em] You tell your [C] secrets, how [G] gracefully you [D] lie.

Oh, [G] that's the way you [D] come to me,  
I'm [Em] head over heels and I'm [C] always gonna be.

[G] That's okay, I [D] love the way you come to [G] me. [Gsus4][G]

[G] I guess I'm tempting fate, a [Am] little too long it seems  
[D] Walking in this heat is just like floating in a [G] dream  
I've been [G] torn apart, put back together, with a [Am] couple of pieces in wrong,  
I'm [D] holding up now, oh, but I won't be for [G] long.

Oh, [Em] Tossing and [C] turning like [G] waves in the [D] sea  
[Em] You show my[C]self to me, you [G] let me down easi[D]ly

Oh, [G] that's the way you [D] come to me  
I'm [Em] head over heels and I'm [C] always gonna be.

[G] That's okay, I [D] love the way you come to [G] me. [Gsus4][G]

**Organ Solo:** Em C G D Em C G D Gx4

[G] Well, I know one night together won't [Am] make up for ten apart  
I'm as [D] steady as rain, nothing ever changes in my [G] heart  
[G] Throw off the covers, open the windows, I [Am] don't care what we do,  
I've been [D] standing for days, now I get to fall down with [G] you.

[Em] Tossing and [C] turning like [G] waves in the [D] sea  
[Em] You show my[C]self to me, you [G] lie so easi[D]ly

Oh, [G] that's the way you [D] come to me  
I'm [Em] head over heels and I'm [C] always gonna be.

[G] That's okay, I [D] love the way you come to [G] me. [Gsus4][G]

**Chorus with Harmonica Solo**
