Bad Timing VFx: 1A

Harmonica Intro: D C D G Gsus4 G Gsus4 G

[C]Hey it's me, what a big surprise
[C]Calling you up from a restaurant 'round the **[G]**bend **Gsus4**
[C]Just got in from way up North
I'm **[C]**achy and tired now, and I could use a **[G]**friend **Gsus4**
I'd be a **[Bm]**fool, to think that you **[C]**do, want to see me a**[D]**gain **Dsus4**

[C]I know it's been awhile since I talked to you
[C]Nothing wrong, just nothing ever goes as **[G]**planned **Gsus4**
[C]Many times I thought I'd call, didn't have your number in my **[G]**hand **[Gsus4]**
Oh, I know it's **[Bm]**true, you'd never **[C]**do, the same thing to **[D]**me **[Dsus4]**

Chorus:
[D]I never **[D2]**meant to make you **[G]**cry **[Gsus4]**
And though I **[Gsus4]**know I **[G]**shouldn't **[C]**call
It just re**[C]**minds us of the **[Am]**cost, of everything we've **[D]**lost
Bad timing that's **[G]**all **[Gsus4]**
And maybe **[Gsus4]**soon there'll come a **[G]**day **[Gsus4]**
When no more **[Gsus4]**tears will **[C]**fall
We each forgive a little **[Am]**bit
And we both look back on **[D]**it
As just bad timing that's **[G]**all **[Gsus4]**

Harmonica Solo: C, G, C, G, Bm, C, D

[C]Used to have so many plans,
Something always seemed to turn out **[G]**wrong **[Gsus4]**
[C]Never could catch up to you,
Moving on and doing all you've **[G]**done **[Gsus4]**
I don't know **[Bm]**why, the harder I **[C]**try, the harder it **[D]**comes **[Dsus4]**

Chorus

We each forgive a little **[Am]**bit
And we both look back on **[D]**it
As just bad timing that's **[G]**all **[Gsus4]**
