

I need a little sympathy

cause fear is strong and loves for everyone

Who isn't me

So kill your health and kill yourself

And kill everything you love

And if you live you can fall to pieces

And suffer with my ghost

[Chorus]

A	G	F	C	D C A
I	shot	my	love	today
	would	you	cry	for
	me			
A	G	F	C	D C A
I	lost	my	head	again
	would	you	lie	for
	me			
A	G	F	C	D C A
I	left	her	in	the
	sand	just	a	burden
	in	my	hand	
A	G	F	C	D C A
I	lost	my	head	again
	would	you	cry	for
	me			

[Bridge]

(strum each chord three times except D C A)

A	C	
Just	a	
burden	in	
my	hand	
A	F	
Just	an	
anchor	on	
my	heart	
A	C	D C A
Just	a	tumor
in	my	head

[Verse]

(the same A,C,G,A)

So follow me into the desert

As desperate as you are

the moon is glued to a picture of heaven

And all the little pigs have god

[Pre-Chorus]

C	A
Oh	no
C	A
There	she
goes	

C **A C** **A** **C**
 C A
 Out in the sunshine the sun is mine the sun is mine

[Chorus]

A **G** **F** **C** **D C A**
 I shot my love today would you cry for me
A **G** **F** **C** **D C A**
 I lost my head again would you lie for me
A **G** **F** **C** **D C A**
 I left her in the sand just a burden in my hand
A **G** **F** **C** **D C A**
 I lost my head again would you cry for me
F **C** **D C A** **A**
 Would you cry for me
