[Verses]

F            G                            C    F C

It's the perfect time of year

F            G                            C    F C

Somewhere far away from here

F            G                            C    F C

I feel fine enough, I guess

F            G                            C            F C

Considering everything's a mess

F            G                            C    F C

There's a restaurant down the street

F            G                            C            F C

Where hungry people like to eat

F            G                            C            F C

I could walk but I'll just drive

D                            F            G

It's colder than it looks out side.

C                            G

It's like a dream you try to remember but it's gone

F                            D

Then ya' try to scream but it only comes out as a yawn

C                            G            F G

When you try to see the world Beyond your front door

C                            G

Take your time, is the way I rhyme's gonna make you smile

F                            D

When you realize that a guy my size might take a while

C                            G            F

Just to try to figure out what all this is for?

It's the perfect time of day  
To throw all your cares away  
Put the sprinkler on the lawn  
And run through with my gym shorts on.

Take a drink right from the hose  
And change into some drier clothes  
Climb the stairs up to my room

D                      F              G  
Sleep away the afternoon.

C                                      G  
It's like a dream you try to remember but it's gone  
F                                      D  
Then ya' try to scream but it only comes out as a yawn  
C                                      G              F      G  
When you try to see the world Beyond your front door

Take your time, is the way I rhyme's gonna make you smile  
When you realize that a guy my size might take a while  
Just try to figure out what all this is for?

G    Am    G    F            G    Am    G    F  
Pinch me, pinch me, cause I'm still asleep  
G    Am    G    F    G    Am            G  
Please God tell me that I'm still asleep (IMMEDIATELY got into next verse acapella)

F                      G                      C    F    C  
On an evening such as this  
It's hard to tell if I exist  
Packed a car and leave this town  
Who'll notice that I'm not around?

I could hide out under there  
I just made you say 'underwear'  
I could leave but I'll just stay  
D                      F                      G  
All my stuff's here anyway.

**REPEAT BRIDGE AS ABOVE, then**

C                                      G              F  
Just try to figure out what all this is for?  
C                                      G              F      G  
Try to figure out what all this is for  
C                                      G                      F      G  
Try to see the world beyond your front door  
C                                      G              F      C  
Try to figure out what all this is for      **Soloing over the riff till the end**
