

What's Love Got To Do With It

Tina Turner

[Intro]

G#m F#/G# G#m

[Verse 1]

F#/G# G#m

You must understand though the touch of your hand

F#/G#

Makes my pulse react

G#m

That it's only the thrill of boy meeting girl

F#/G#

Opposites attract

[Pre-Chorus]

E F#

It's physical

E F#

Only logical

E

F#

You must try to ignore that it means more than that

G#m

Oh

[Chorus]

F#

E

F#

What's love got to do, got to do with it?

G#m

F#

E

F#

What's love but a secondhand emotion?

G#m

F#

E

F#

What's love got to do, got to do with it?

G#m

F#

E

F#

Who needs a heart when a heart can be broken?

[Verse 2]

G#m

It may seem to you that I'm acting confused

F#/G#

When you're close to me

G#m

If I tend to look dazed I've read it someplace

F#/G#

I've got cause to be

[Pre-Chorus]

E F#

There's a name for it

E F#

There's a phrase that fits

E F#

But whatever the reason you do it for me

G#m

Oh

[Chorus]

F# E F#

What's love got to do, got to do with it?

G#m F# E F#

What's love but a secondhand emotion?

G#m F# E F#

What's love got to do, got to do with it?

G#m F# E F#

Who needs a heart when a heart can be broken?

I've been thinking about my own protection

It scares me to feel this way
