

Springsteen  
Eric Church

[Intro]

**D G**  
**Bm A**

[Verse 1]

**D**  
To this day when I hear that song  
I see you standin' there on that lawn  
**G**  
Discount shades, store bought tan  
**Bm A**  
Flip flops and cutoff jeans  
**D**  
Somewhere between that setting sun  
I'm on Fire and Born to Run  
**G**  
You looked at me and I was done  
**Bm A**  
And we're, we're just getting started  
**D**  
I was singin' to you, you were singin' to me  
I was so alive, never been more free  
**G Bm A**  
Fired up my daddy's lighter and we sang Oohh  
**D**  
Stayed there 'til they forced us out  
**G**  
And took the long way to your house  
**Bm A D**  
I can still hear the sound of you sayin' don't go

[Chorus]

**A Bm**  
When I think about you, I think about seven--teen

I think about my old jeep  
I think about the stars in the sky  
Funny how a melody sounds like a memory  
Like the soundtrack to a July Saturday night  
Spring--steen

[Verse 2]

I bumped into you by happenstance  
You probably wouldn't even know who I am  
But if I whispered your name I bet there'd still be a spark  
Back when I was gasoline  
And this old tattoo had brand new ink  
And we didn't care what your mom would think  
About your name on my arm  
Baby, is it spring or is it summer?  
The guitar sound or the beat of that drummer  
You hear sometimes late at night On your radio  
Even though you're a million miles away  
When you hear Born in the USA  
You relive those glory days So long ago

[Chorus]

When I think about you, I think about seven--teen

I think about my old jeep

I think about the stars in the sky

Funny how a melody sounds like a memory

Like the soundtrack to a July Saturday night

Spring--steen
