In case God does not show

And I want these words to make things rig

A

But it's the wrongs that make the words come to life

Who does he think he is?

If that's the worst you got, better put your fingers back to the key

One night and one more time

D#

Thanks for the memories even though they weren't so great

He tastes like you, only sweeter

One night, yeah, and one more time

Been looking forward to the future

In these crystal balls  
A#m  
It is always cloudy except for

When you look into the past  
D# C# F  
One night stand

A#m F#  
One night and one more time

A#m F/C D#m F#/C# F/C  
I only think in the form of crunching numbers

In hotel rooms, collecting page six lovers

Get me out of my mind  
D#m F#/C# F/C

A#m F/C  
I'm a liner away

From getting you into the mood  
Whoa

One night and one more time
