          E                          F#m  
When I first saw you, with your smile so tender,  
          B7                          E  
My heart was captured, my soul sur-rendered.  
                                  F#m  
I'd spend a lifetime, waiting for the right time,  
          E                          B7          E  
Now that you're near; the time is here at last.

Verse 2:

                  E                                  F#m  
Just like a willow, we would cry an ocean,

If we lost true love, and sweet de-votion.  
                  E                                  F#m  
Your lips ex-cite me; let your arms in-vite me,  
                  E                                  B7                  E  
For who knows when, we'll meet a-gain this way?
