[Verse 1]

Em C  
Model house life meltdown still a modern dream letdown, it kills me  
Am  
You know I'm dying out here  
C  
What would you trade the pain for?  
I'm not sure  
Em  
We were a hammer to the Statue of David  
C  
We were a painting you could never frame, and  
Am  
You were the sunshine of my lifetime  
C  
What would you trade the pain for?

[Pre-Chorus]

**C** **Em**  
This city always hangs a little bit lonely on me, loose  
**C** **Em**  
Like a kid playing pretend in his father's suit  
**Am7 Bm7 Cmaj7 Am7 Bm7 Cmaj7 Bm7 E7b9**  
I'd never go, I just want to be invited, oh, got to give up  
**Am7 Bm7 Cmaj7 Am7 Bm7 Cmaj7 B7**  
Get the feeling, get the feeling, don't fight it, fight it

[Chorus]

**Em** **D/F#** **G**  
Sending my love from the other side of the apocalypse  
**Am** **C** **B7(#5)**  
And I just about snapped, don't look back  
**Em** **B7(#5)**  
Every lover's got a little dagger in their hand  
**Em** **D/F#** **G**  
Love from the other side of the apocalypse  
**Am** **C** **B7(#5)**  
And I just about snapped, don't look back  
**Em** **Em**  
Every lover's got a little dagger in their hand

[Verse 2]

**Em** **C**  
Generation sleep, I'm falling in and out of love  
**Am**  
I'm getting that tilted feeling out here  
**C**  
What would you trade the pain for?  
**B**  
I'm not sure

**Em**  
Nowhere left for us to go but Heaven  
**C**  
Summer falling through our fingers again  
**Am**  
And you were the sunshine of my lifetime  
**C**  
What would you trade the pain for?

[Pre-Chorus]

**C** **Em**  
We're taught we gotta get ahead, yeah, no matter what it takes  
**C** **Em**  
But there's no way off the hamster wheel on this rat race  
**Am7 Bm7 Cmaj7 Am7 Bm7 Cmaj7 Bm7 E7b9**  
I'd never go, I just want to be invited, oh, got to give up  
**Am7 Bm7 Cmaj7 Am7 Bm7 Cmaj7 B7**  
Get the feeling, get the feeling, don't fight it, fight it

[Chorus]

**Em** **D/F#** **G**  
Sending my love from the other side of the apocalypse

Every lover's got a little dagger in their hand  
**Em** **D/F#** **G**  
Love from the other side of the apocalypse  
**Am** **C** **B7(#5)**  
And I just about snapped, don't look back  
**Em** **B**  
Every lover's got a little dagger in their hand

[Bridge]

**Em**            **B/D#**            **G/D**            **C#m7b5**  
I saw you in    a bright clear field, hurricane heat    in my head  
**C7M**            **B**            **Em**            **B**  
The kind of pain you feel to get good in the end, good in the end  
**Em**            **B/D#**            **G/D**            **C#m7b5**  
Inscribed like stone    and faded by the rain: "Give up    what you love  
**C7M**    **B**            **Em**            **B**  
Give up what you love    before it does you in!"
