

Tuning: Drop D flat

This song is the song Kicks A\$\$\$. When you see it live it is even better. It is kind of hard to hear some of the notes because they are overlapped and I think that he plays the song and overdubs the main riff on the CD. Listen to it and turn it up and you will hear what I am talking about. I didn't put anything about timing so you can figure it out. N-Joy...

But something makes me carry on
It's difficult to understand
Why I always wanna fly

I do it for the drugs
I do it just to feel alive
I do it for the love
That I get from the bottom of a bottle

You always call me
And ask me how I make it through the day
I'm always fallin'
I guess it's just God's way of making me pay

But something makes me carry on
It's difficult to understand, why I always wanna fly

I do it for the drugs
I do it just to feel alive
I do it for the love
That I get from the bottom of a bottle
I do it for the drugs
I do it just to feel alive
I do it for the love
That I get from the bottom of a bottle

When I, I wonder why I try
And I, I wonder why I bother
And I, I wonder why I cry
Why I, I go through all this trouble

I do it for the drugs
I do it just to feel alive
I do it for the love
That I get from the bottom of a bottle
I do it for the drugs
I do it just to feel alive
I do it for the love
That I get from the bottom of a bottle
