We had a kind of love

I loved you to the moon and back again

Now turn off all the stars, 'cause this I know

C **C/E**
All the storms we weathered

Everything that we went through

Now without you, what on earth am I to do?

When I called the mathematicians and

I asked them to explain

They said love is only equal to the pain

[Pre-Chorus]

F **Em** **Am** **G**
And when everything was going wrong
F **C** **G**
You could turn my sorrow into song

[Chorus]

Am **G/B** **C**
Oh it hurts like so
C **F** **G**
To let somebody go
C **F** **G**
To let somebody go

[Bridge]

Am **G/B** **C** **C/E** **F** **C/G** **G5** **G5** **G3**
Oh

Oh

 Oh, when you love somebody
F
 When you love somebody

 Got to let somebody know
C **C/B**
 Oh, when you love somebody
F
 When you love somebody
G
 Got to let somebody know

 When you love somebody
G **Em** **Dm**
 Then it hurts like so

 To let somebody go
