[Pre-Verse]

**Db Badd9 Gb Db**

[Verse 1]

**Db**  
She's got a smile that it seems to me  
**Badd9**  
Reminds me of childhood memories  
**Gb**  
Where everything  
**Db**  
Was as fresh as the bright blue sky  
**Db**  
Now and then when I see her face  
**Badd9**  
She takes me away to that special place  
**Gb**  
And if I stared too long  
**Db**  
I'd probably break down and cry

[Chorus]

**Ab B Db**  
Whoa, whoa, whoa, sweet child o'mine  
**Ab B Db**  
Whoa oh oh oh sweet love o'mine

[Pre-Verse]

**Db Badd9 Gb Db**

[Verse 2]

**Db**

She's got eyes of the bluest skies

**Badd9**

As if they thought of rain

**Gb**

I hate to look into those eyes

**Db**

And see an ounce of pain

**Db**

Her hair reminds me of a warm safe place

**Badd9**

Where as a child I'd hide

**Gb**

And pray for the thunder and the rain

**Db**

To quietly pass me by

[Chorus]

**Ab**
