then JAM over v.1 chords

Please Send Me Someone
to Love

NOTE: on the Butterfield recording the jam is over v.1, immediately followed by jam over v.2, I have put the jam on just v.1 to allow it to be extended as needed., since the v.2 chords are designed to lead into the chorus. Therefore, the outdo begins with an instrumental on v.2. To play with the recording, go to the outro right after one time through the v.1 jam

[BB double tap] for outro
