

Do You Believe In Magic  
The Lovin Spoonful

[Intro]

Dm Em F Em Dm Em F

[Verse 1]

          G          C          F  
Do you believe in magic in a young girl's heart  
          C                  F  
How the music can free her, whenever it starts  
          C                  F  
And it's magic, if the music is groovy  
          C                  F  
It makes you feel happy like an old-time movie  
          Dm                  Em                  F                  Em  
I'll tell you about the magic, and it'll free your soul  
          G  
But it's like trying to tell a stranger 'bout rock and roll

[Verse 2]

                  C                  F  
If you believe in magic don't bother to choose  
          C                  F  
If it's jug band music or rhythm and blues  
          C                  F  
Just go and listen it'll start with a smile  
          C                  F  
It won't wipe off your face no matter how hard you try  
          Dm                  Em                  F                  Em  
Your feet start tapping and you can't seem to find  
          G  
How you got there, so just blow your mind

[Instrumental]

[Verse 3]

                  C                  F  
If you believe in magic, come along with me  
          C                                  F  
We'll dance until morning 'til there's just you and me  
          C                  F  
And maybe, if the music is right  
          C                                  F  
I'll meet you tomorrow, sort of late at night  
          Dm          Em                  F                  Em  
And we'll go dancing, baby, then you'll see  
          G  
How the magic's in the music and the music's in me

[Outro]

F                                  C  
Yeah, do you believe in magic?  
          Dm                  Em                  F                  Em  
Yeah, believe in the magic of a young girl's soul  
          Dm                  Em                  F                  Em  
Believe in the magic of rock and roll  
          Dm                  Em                  F                  Em  
Believe in the magic that can set you free  
G  
Ohh, talking 'bout  
  
          F                                  C  
magic.                  Do you believe in magic?                  Do you believe?  
Do you believe like I                  believe?  Do you believe like I                  believe?
